## Unit Leader Positions

The only recognized unit leader positions for the 2017 Jamboree are the Scoutmaster, first assistant Scoutmaster, second assistant Scoutmaster and third assistant Scoutmaster, and the crew Advisor for the Venturing groups/crews.

## Unit Configuration

Councils must adhere to a troop size consisting of 36 youth and four leaders. The 40-person troop is ideal for housing in multiples of two Scouts per tent, and for most tour buses that are 40 passengers in size. Each troop site in the subcamps is designed to house a group of 40.

Councils must also adhere to a Venturing group size of 10. This can consist of eight youth and two adults or nine youth and one adult as determined by the council. The two-deep leadership requirements can be met during travel by the Venturing groups traveling with the troops and sharing leadership. Please keep in mind that should there be coed youth attendees, there must be coed leadership present during travel. Prior to arrival at the jamboree, the groups of 10 from various councils will be grouped together to form crews of 40, which will meet the two-deep leadership and coed requirements while on site.

Because there is a requirement for applicants to be currently registered with the BSA to access the jamboree applications and at least 13 years of age and a graduate of the eighth grade or 14 years of age to join Venturing, there is a small group of potential attendees that is currently blocked from submitting an application.

Males may register with a troop and submit the Scout application until the time they meet the requirements to switch to a Venturing application.

The solution for female applicants is to notify their local council that they are interested in attending the jamboree with their council. Councils should then put the names of these applicants on a waiting list to potentially hold a spot. Once the interested party has met the requirements and is successfully registered with a Venturing crew, she can submit an application online through the official jamboree website at [www.bsajamboree.org](http://www.bsajamboree.org).

adult leader participants pay their fees to their council. Each council will determine its own deposit amount and payment schedule keeping in mind the established national payment schedule.

## Statement of Understanding

All participants (youth and leaders) are selected to represent their local councils based on qualifications in character, camping skills, physical and personal fitness, and leadership qualities. Therefore, all adult and youth participants and their parents or guardians are asked to read the Code of Conduct and Statement of Understanding as a condition of participation.

It is with the further understanding that serious misconduct or infraction of rules and regulations may result in expulsion (at the participant's own expense) from the jamboree or during the jamboree tour. Each participant is responsible for his or her own behavior, and only when necessary will the procedure be invoked to send a participant home from the jamboree.

## Code of Conduct

The unit's adult leaders are responsible for the supervision of its membership, maintaining discipline, security, and the Jamboree Code of Conduct.

Leaders will be guided by the Scout Oath and Scout Law and will obey all U.S., local, and state laws.

Knives in excess of 3.5 inches are among these items and, as such, are prohibited at the Summit.*
- *As a jamboree adult leader, I agree to complete the BSA Youth Protection training within one year of the last day of the jamboree. (You need to complete the BSA Youth Protection training that directly relates to your registered Scouting membership. # Organization

## Promoting the Jamboree

- Appointment of the council jamboree committee should be a top priority, followed by the selection of your unit leaders.
- Jamboree unit leaders and council jamboree committee members should then be organized into recruiting teams to visit each troop, team, and crew to promote jamboree attendance. Committees should set up unit rallies and invite parents.
- An extensive council marketing toolkit is provided at [www.bsajamboree.org](http://www.bsajamboree.org). Use the promotional videos and brochures in all of your communications.
- Each jamboree troop/crew leader should be asked to participate in the recruiting of Scouts and Venturers for the jamboree.
- When promoting the jamboree, each unit leader should have instructions on where and how to submit a jamboree application, list of critical information required in the application (BSA member ID number, DOB, and last name as they are listed with the council), the council payment schedule and refund policy, tour and activity plan, contact information on where to send questions, and any council-specific information.
- Conduct an active publicity campaign on the jamboree, particularly among youth members, parents, leaders, and chartered organizations.
- Use the council news bulletin, council website, executive board meetings, roundtables, committee meetings, and unit meetings for a presentation or a short talk on the jamboree.
- Provide material to your local newspapers, radio and television stations, and other media outlets in your area.

- Start a news and feature story campaign—appointment of chairman and committee, selection of leaders, approval of participants—to local news media.
- Have a jamboree reunion for the adults and youth who have attended previous jamborees, providing a reserve of enthusiastic salespeople.
- Tie in jamboree promotion with your summer camp with posters, displays, and fliers, including someone who can electrify the crowd about the jamboree, especially at all gatherings where there is a significant Scouting presence. Show the jamboree video each week so that every Scout, Venturer, and leader in camp knows about the jamboree.
- Include the jamboree in council shows, camporees, and all other council and district events.

## Council Jamboree Committee

Through the careful selection of its council jamboree committee, the council can do a great deal to ensure its youth and leaders have a beneficial jamboree experience. All of the following positions must be filled to allow for effective administration of jamboree operations. ## **Base Camp and Subcamp Operations**

Consistent with the new model introduced at the 2013 Jamboree, the base camps and subcamps will not be operated by specific regions. Here are some specifics to help you understand what to expect.

- There will be five participant base camps.
- There will be four subcamps per base camp.
- The subcamps will be divided into five neighborhoods per subcamp (10 Scouting units per neighborhood).
- Your troop/Venturing group will be camping beside other Scouting units from all over the country.
- Each base camp and subcamp will have staff leadership from different regions.
- Two youth participants will be rooming together in one tent.
- Adult leaders will have individual tents. Both the youth and leader participant tents will be dome-style tents with cots provided.
- All individual Scouting units will be preparing

their meals in their assigned living area.

- All program activities will be occurring outside of the base camp and subcamp areas.
- There will be one headquarters area within each subcamp for assistance.
- There will be medical facilities in each of the five base camps.

If you have additional questions, please contact the jamboree administration at [2017jamboree@scouting.org](mailto:2017jamboree@scouting.org)

If you find any item at the jamboree, take it to the nearest “lost and found.” Mark the item with your name, unit number, and where it was found.

## Financial Assistance

Councils are urged to include in their planning the importance of having representative jamboree units. These units should take into account all race, ethnic, religious, and economic conditions present in the population groups in the territory served by the council. Local support is frequently available to provide camperships for youth who might not otherwise be able to attend the national jamboree. An orderly plan should be developed to accommodate needy participants. This plan should include:

- A goal for representative participation
- Requirements for scholarship aid
- Degrees of aid from partial to full scholarship (including uniform and equipment needs)
- Scholarship fundraising plan
- List of selective prospects for funding
- Clearing and coordinating prospects with finance committee
- Jamboree campership fundraising team (must follow guidelines of BSA fundraising)

Prospective sources of funds may be found in service clubs, civic clubs, chartered organizations, corporations, foundations, and selected major contributors. Information to assist your committee may be found in:

*Guidelines on Product Sales and Policy Issues*, No. 35-373

*Foundation Resource Manual*, No. 35-530

*Project Sales Manual*, No. 35-603

Some national jamboree campership funds are available through your region coordinators. For more information, visit [www.bsajamboree.org](http://www.bsajamboree.org).

## Fees

The 2017 Jamboree participant fees are as follows:

Youth participants—\$975

Adult leaders ages 18-25 through July 18, 2017—\$487.50

Adult leaders age 26+ on or after July 18, 2017—\$975

The payment schedule is as follows:

A deposit of \$7,000 per Scout troop and \$1,750 per Venturing group (\$175 per person) is due to the National Council on or before January 31, 2016. *A late fee of \$2,000 per Scout troop and \$500 per Venturing group (\$50 per person) will be assessed on February 1, 2016.*

A payment of \$16,000 per Scout troop and \$4,000 per Venturing group (\$400 per person) is due to the National Council on or before July 31, 2016. *A late fee of \$2,000 per Scout troop and \$500 per Venturing group (\$50 per person) will be assessed on August 1, 2016.*

A final payment of \$16,000 per Scout troop and \$4,000 per Venturing group (\$400 per person) is due to the National Council on or before January 31, 2017. *A late fee of \$2,000 per Scout troop and \$500 per Venturing group (\$50 per person) will be assessed on February 1, 2017.* National campership awards will be credited to the final council invoice.

The payment schedule does not account for any leaders between the ages of 18 and 25 (\$487.50 instead of \$975). To allow time for all leadership roles to be filled within the council, these discounts will be applied to the amount due on the council's final invoice.

The national jamboree fee charged to the councils covers the expense of program material, food, insurance, and equipment as well as the use of a tent, cot, dining shelters, stoves, fuel, and cooking utensils during your adventure at the jamboree. The national fee also includes a “Jambo 17 Kit,” the contents of which will be announced at a later date.

Each council will set its own jamboree fee, including the deposit and payment schedule, based on travel and tour expenses and the national payment due dates.

## Refund Policy\*

If an individual has signed up to attend the jamboree and then finds he or she cannot attend, a refund may be processed by the local council only if they have a replacement contingent member. Individual refund requests should be submitted to the local jamboree coordinator.

\*Local councils set their specific cancellation and refund policies for individual contingent members. Requests for refunds from individual members of a council contingent are the responsibility of the local council.

Requests for refunds from individuals are the council’s responsibility and will not be accepted.

### National Refund Policy for Councils

This refund policy relates to the payment of funds between local councils to the jamboree for troop and/or crew participants.

Any refund requested by local councils must be approved by the Scout executive and then submitted in writing to [2017jamboree@scouting.org](mailto:2017jamboree@scouting.org).

Requests for refunds resulting from a change in the overall size of a council contingent will

be evaluated on a case by case basis through April 30, 2017.

No fees are refundable after April 30, 2017.

Refund requests received through March 31, 2017 will be processed within eight weeks following receipt of the request.

Refund requests received after March 31, 2017 will be processed between August 1, 2017 and September 30, 2017.

Refund requests received after the jamboree will not be considered.

### National Refund Policy for Staff Volunteers

This refund policy relates to the payment of staff volunteer fees directly to the national jamboree office.

In cases where the request involves shifting between jamboree positions (e.g., a registered staff member who is needed as a council contingent leader), a full refund will be made regardless of the date of the request.

Staff member refund requests will be processed as follows:

- If a position has not been offered, all submitted fees are refundable.
- If a position has been offered (regardless of whether or not it has been accepted):
  - \$75 is nonrefundable through December 16, 2016
  - \$175 is nonrefundable from January 1, 2017 through April 30, 2017
  - No fees are refundable in the case of requests received after April 30, 2017

- If the request is made as the result of military orders, a relocation caused by an employment change, or a documented medical condition:

- 100 percent is refundable through December 31, 2016

- \$25 is nonrefundable from January 1, 2017 through March 31, 2017

- \$50 is nonrefundable from April 1, 2017 through May 30, 2017

- \$75 is nonrefundable from June 1, 2017 through June 30, 2017

- No fees are refundable in the case of requests received after June 30, 2017

## Support Services

### Transportation

Transportation information will be provided in 2016 as soon as it becomes available. This information will include transportation options and contact information.

### Telephone Communications

As the frequency of cell phone usage increases, telephone usage is becoming less of an issue. There are multiple cell phone towers on the property, plus back-up capabilities in case of emergencies.

All emergency phone calls must be made to a specific number that will be sent to councils before the jamboree.

Messages will then be delivered to the person's subcamp headquarters. Persons will then return calls from predesignated locations throughout the site.

It is important that someone be appointed to receive emergency calls that may come into the council service center during the jamboree.

Council service centers must have on file the names, addresses, and phone numbers of parents or guardians of each youth member and spouse or relative of each unit leader and staff member to contact in case of an emergency. The home and business telephone numbers must also be on file.

Each council is asked to appoint someone to be responsible for handling emergencies day and night during the jamboree. Your jamboree unit leaders must have the name and phone numbers of the key persons to contact in the council.

### Trading Posts

There will be trading posts operating in convenient locations throughout the jamboree.

The following services and types of items will be available in each trading post:

**Souvenirs.** An attractive line of jamboree souvenirs and other materials will be available to send or take back home.

**Sundries.** A varied assortment of hardware, over-the-counter drugs, and miscellaneous items will be on sale.

**Snacks.** Drinks, milk, candy, and light meals will be available.

Payments accepted will include cash and credit card.

Prices charged for all merchandise and services at jamboree trading posts will be similar to the prevailing prices of comparable merchandise in cities and towns in the area.

### Cooking and Eating

New to this jamboree, Scouts will have the opportunity to select their own food for breakfast, lunch, and dinner at jamboree grocery stores. Products stocked in the grocery stores will be sized for units to eat as a troop/crew for breakfast and dinner, not as individual patrols. Lunch items in the grocery stores will be cases of individual products so participants may pack their own lunches to take with them as they leave their camping area for the day.

Proper training in food preparation techniques prior to the jamboree will help ensure an enjoyable experience for all unit members.

It is the responsibility of the assistant Scoutmaster or adviser in charge of physical arrangements to give oversight to the preparation and serving of meals within the unit. Prior menu planning will be essential to ensure grocery shopping is completed quickly and efficiently. Additional suggestions

on menu planning will be provided when the jamboree grocery list is published.

Duties will include:

- Ensuring safe practices are followed in the handling and preparation of food
- Working through and with the youth leadership to train and oversee the tasks of selecting food and food supplies at the grocery store, food preparation, serving, and cleanup
- Consulting with youth cooks regularly on the most effective ways to prepare daily food selections
- Meeting with the youth cooks and giving briefings on food preparation and safety precautions
- Overseeing cleanup operations after each meal

### Grocery Store Items and Menu Cookbook

In early 2017, the list of items that will be stocked in the Jamboree Grocery Stores and a jamboree menu cookbook with meal ideas that can be made from stock items at the stores will be made available online.

### Cooking Equipment

The unit equipment package furnished by the jamboree will include propane stoves with the fittings necessary to use the provided tanks and fuel for all meal preparation. Under no circumstances should participants bring cooking appliances, fuel tanks, or fuel.

### Special Diets

The Jamboree Food Team will aid Scouts, leaders, and staff who have special dietary requirements in the following ways:

Scouts and leaders attending the jamboree

will be able to choose their meals under a new model of food distribution where units go to a designated “grocery store” in or near their base camp area and select from a wide variety of common grocery items to prepare their meals. The grocery store plan will include products that accommodate kosher, halal, gluten-free, vegetarian, and vegan diets. A list of items that the Jamboree Food Team plans to carry in the grocery stores will be published in advance of the jamboree and will indicate which items meet common dietary restrictions. During the jamboree, those items will be marked in the grocery store with industry-standard labels and symbols, just as one finds when shopping elsewhere. The Jamboree Food Team has also arranged for food items meeting various dietary plans to be included in the offerings at the staff dining hall.

During online registration, each Scout, leader, and staff member will be asked whether he or she has dietary preferences or restrictions. The Jamboree Food Team will then use this information to determine what foods are stocked at the grocery stores and what special diets will be supported at the staff dining hall. Therefore, it is important that individuals indicate these needs during the registration process.

The Jamboree Food Team recognizes that there are many potential dietary restrictions as well as common diets (e.g., low-calorie and low-carbohydrate) and common food allergies (e.g., to citrus fruit, dairy, eggs, fish, nuts/peanuts, and shellfish). Individuals will need to consider this, and avoid such items in the grocery stores and when cooking in camp or in the staff dining hall. In addition, remember that the Food Team cannot feasibly plan for

all specific dietary needs of all persons attending the jamboree. Therefore, anyone with special food requirements for medical reasons (after medical permission to attend jamboree is granted), or personal dietary beliefs, must make their own arrangements to meet those needs by bringing nonperishable food with them—just as they would bring their own medications.

### **Staff Dining**

Staff will be dining at one centralized area in the Echo base camp. Meals served there will be breakfast and dinner. Staff will pack their own lunch to take with them once they leave for the day.

## Program

The national Scout jamboree showcases the broad range of activities available within Scouting. Those activities are conducted at many high-adventure venues found at the Summit Bechtel Reserve. While Scouts and Venturers attending the jamboree will have the chance to experience some of these high-adventure venues, capacity constraints and the sheer number of attendees will make their experience very different than one received during a Summit high-adventure experience. Contingent leaders should help Scouts, Venturers, and parents understand that the jamboree is primarily a social event that celebrates Scouting, not a high-adventure experience.

### Pre-Jamboree Training/ Council Jamboree Shakedown

It is recommended that pre-jamboree training for Scouts and leaders be conducted by the council jamboree committee and jamboree unit leaders under the direction of the council jamboree training chairman. When there is a multicouncil unit, the area or regional jamboree coordinators will assist in the training program.

It is recommended that the training be held in May or June 2017. The purpose and objective of this shakedown training is to help identify and select the leadership for the jamboree unit contingent. Here are some other recommendations to ensure a successful shakedown to prepare your unit for the jamboree:

- Help the youth get to know one another.
- Create team-building games and activities for the youth which, in turn, will help select their jamboree youth leadership and other positions.
- All of the troop equipment, including tents, dining flies, cooking materials, etc., will be provided upon your arrival. Each council jamboree unit will be provided a tutorial video

produced by the BSA Jamboree Department and Supply Group. The shakedown provides the perfect opportunity for both leaders and youth to view this video, which details what to expect upon arrival, the equipment each unit will use, and other useful information to help prepare each unit for its jamboree experience.

- Emphasize the place of the Scout Oath and Scout Law at the jamboree.
- Practice jamboree-style camping and cooking skills.

### Program Elements

The 2017 National Jamboree at the Summit will be filled with new programs that will excite Scouts from all across the country. We will be delivering the jamboree program at the adventure activity areas on site, the Summit Center, the New River Gorge National River Area, communities throughout southern West Virginia, and the summit of the Summit—Garden Ground Mountain.

### Adventure Areas

The adventure areas will offer 15- to 30-minute activity experiences to get the Scouts' and Venturers' blood pumping. Most activities will be available on a first come, first served basis and will be designed for maximum throughput. Certain activities that have very limited throughput capacity will be scheduled by a "lottery" system. More details on this system will be provided to unit leaders at a later date.

**Adventure Valley** will be home to The Rocks (rock climbing), Low Gear (cross-country mountain biking), High Gear (downhill mountain biking), The Ropes (challenge courses), The Zip, and lake kayaking.

**The Canopy** is home to the Summit's canopy tours. Soar through the trees on a series of zip lines 50 to 80 feet in the air.

**Thrasher Mountain** will be home to The Park and The Trax. The Park houses the Summit's first-rate skateboarding facilities. At The Trax participants will find the Summit's thrilling BMX and mountain board courses. A disc golf area will also be located a short stroll from The Trax.

**The Bows and Barrels** shooting sports at the 2013 Jamboree will offer the widest variety of shooting sports activities ever. Shotguns, rifles, pistols, 3-D archery, and sporting arrows.

**Aquatics** activities will be located at the Summit's man-made lakes (Goodrich Lake and Lake B), as well as The Pools. Goodrich Lake will be home to fishing, basic kayaking, paddleboarding, and an expanded Water Reality obstacle course. Lake B will be home to advanced kayaking. The Pools will be home to scuba diving and free swim.

**The STEM Quest** area will offer high-tech, state-of-the-art exhibits.

### **Aquatics Program and Swim Classifications**

In order for Scouts and Venturers to participate in the unique aquatics activities at the Summit, including the off-site River Rafting adventure, they will need to be classified for swimming prior to arrival at the jamboree. These classifications are nonswimmer, beginner, and swimmer.

Jamboree Scoutmasters are responsible for swim classification checks and issuing buddy tags to their Scouts or Venturers during the scheduled jamboree troop campout or pre-jamboree training. Each tag will be marked with the participant's name and swim classification.

Correct certification by Scoutmasters is a serious trust, since the life of a boy or girl could depend on it. A single buddy tag will be issued to the participant for the supervised aquatics activities at the jamboree and must be presented by the

Scout or Venturer when he or she arrives at the specific adventure areas. Participants without a tag will be treated as nonswimmers.

### **The Summit Center**

The Summit Center will be the hub of jamboree activity set between the villages and the activity areas, and the only area open to day visitors. On specific days, visitors may pay a fee and visit the Summit Center to experience all it has to offer. The center will be open to regular jamboree participants, but day visitors may not visit the base camps or activity areas. The Summit Center will be home to the stadium shows, the military exhibits, conservation trail, Disabilities Awareness Area, Sustainability Treehouse, merit badges, and a wide variety of other exhibits and displays.

The Conservation Trail is located in Summit Center (near Boulder Cove along Goodrich Lake) and features activities and exhibits from conservation agencies and organizations. The Conservation Trail provides hands-on education about the natural world and how we interact with it.

Also located in the Summit Center is Action Point, which has smaller preview versions of activities taking place in the activity areas.

### **Jamboree Trek**

For one day of the jamboree, each unit will hike to Garden Ground Mountain, the summit of the Summit. Upon reaching the top, hikers will take part in pioneering, buckskin games, Highland Games, and Native American and other historical activities.

## Messengers of Peace Day of Service

The Messengers of Peace Day of Service (MOPDOS) program during the 2013 national jamboree was a huge success for both the jamboree participants and the local communities where the projects were executed. For 2017 there will be two options for units to complete the MOPDOS activity. Most units will do this activity during one day of each of their jamboree experiences. Units with travel itineraries that allow for it will be offered the chance to do their MOPDOS project en route to the jamboree or possibly on their way home after the jamboree. More details on these options will be provided to unit leaders at a later date. In either option, Scouts and Venturers will visit one site in West Virginia and perform service that will have a lasting impact in that local community.

## Messengers of Peace Day of Service

**Equipment.** For the Messengers of Peace Day of Service, participants will need to wear long pants, long-sleeved shirts, and hiking boots.

## Scheduled and Unscheduled Time

A few programs at the 2017 jamboree will be scheduled, but there will be plenty of time for Scouts and Venturers to choose those activities that they most enjoy. Over the 10 days of the jamboree, Scouts and Venturers will spend one day on the jamboree trek, one day participating in the Messengers of Peace Day of Service, and one half-day in a scheduled technology activity. The rest of the time, they will be able to participate in the adventure programs or visit the Summit Center.

## Nature and Conservation

It is the goal of the Summit and the 2017 Jamboree to be as “green” an operation as is possible. Scouts will be asked to carry drinking

water in reusable water bottles, not commercial bottled water. For any and all refuse generated, recycling bins will be located throughout the Summit to make sure that everything is recycled that can be.

## Unit Banners

Jamborees stir color and excitement! Every troop and Venturing group is encouraged to bring a troop or crew banner, identifying them by number, geography, and council. Banners must be vinyl, 1 foot by 8 feet, with grommets in each corner. They are to be erected in the unit campsite. Have fun with this! Be creative and showcase your home area!

## Medical Requirements

Weather conditions at the jamboree can range from being hot and humid during the day to mild temperatures in the evenings. Rain is more common at the Summit due to its location in the Appalachian Mountains. Jamboree activities are very strenuous. It is crucial that everyone arrive fit and prepared, and drink plenty of water while at the jamboree.

## Physical Examination

All participants must submit certification of physical fitness on the official BSA Annual Health and Medical Record. Maintenance of good health in a jamboree camp is of utmost importance, and it is with this objective in mind that the following must be enforced:

- Participants will be expected to get a complete examination by a licensed health-care practitioner.
- It is recommended that the examination take place not fewer than 30 days or more than 12 months before departure to the jamboree.

- Participants will go through a medical screening prior to arrival. It is imperative that all medical forms are submitted by the published deadlines so that prior approval for participation occurs before you leave for the jamboree. In the event a leader is found medically unfit upon arrival at the Summit, he or she cannot serve and must return home at his or her own expense.

### **Immunizations**

When attending Boy Scouts of America programs or activities that require an Annual Health and Medical Record or specialty physical exam to be completed, it is required to have a current tetanus immunization. The following immunizations are strongly recommended:

- Hepatitis A
- Hepatitis B
- Diphtheria, pertussis
- Meningococcal
- Polio
- Measles, mumps, and rubella
- Varicella
- Influenza

### **Exceptions to Immunization on Medical or Religious Grounds**

If there is a medical or religious reason why you cannot comply with vaccination requirements, obtain a statement to that effect from a physician if it is an exemption on medical grounds. If you aren't immunized due to religious reasons, you must also provide a statement to that effect that includes specific reasons, so it can be given full consideration by the jamboree medical staff.

These statements need to be submitted with the medical form.

### **Physical Fitness—Be Prepared!**

The jamboree is a physically demanding experience. While much of the site is level, there are regular changes in grade as part of everyone's daily schedule. A number of our activities require more stamina and fitness, too—climbing, rappelling, rafting, mountain biking, and skateboarding. It is essential that all participants and staff are prepared for their Summit jamboree experience.

Being overweight has been shown to increase the likelihood of certain diseases and other health problems: hypertension, heart attack, hyperlipidemia, and stroke. Anyone who is obese and has multiple risk factors for cardiovascular/cardiopulmonary disease would be at much greater risk of an acute cardiovascular/cardiopulmonary event imposed on them by the environmental stresses of the Summit. The BSA's goal is to prevent any serious health-related event from occurring, and ensuring that all of the participants and staff are "physically strong."

The Centers for Disease Control suggests using a body mass index as a screening tool for obesity; it is easy and only requires knowing your height and weight. The BMI is a governmental calculation based on nationwide statistics that takes into account variables that include geography, age, and sex. The simple online calculator to determine your BMI can be found at [www.cdc.gov/healthyweight/assessing/bmi/](http://www.cdc.gov/healthyweight/assessing/bmi/).

The CDC defines the BMI Healthy Weight as follows:

- If your BMI is less than 18.5, it falls within the “underweight” range.
- If your BMI is 18.5 to 24.9, it falls within the “normal” or Healthy Weight range.
- If your BMI is 25.0 to 29.9, it falls within the “overweight” range.
- If your BMI is 30.0 or higher, it falls within the “obese” range. The BMI is just one of the factors to be considered, and we will take those other “co-morbidities” into account as we make our decisions about an individual’s inclusion in the jamboree. The national jamboree at the Summit has some challenging adventure venues but is not a 24/7 high-adventure experience, so we have modified the criteria for the jamboree.

*Accordingly, it is the policy of the 2017 National Scout Jamboree that:*

*The jamboree will uphold a decision by an applicant’s personal health-care practitioner to deny participation for medical reasons.*

*The jamboree will accept applicants who are recommended for participation by a health care practitioner and who have a BMI of 31.9 or less.*

*The jamboree medical staff will review all applicants with a BMI of 32.0 to 39.9 and consider jamboree participation based on 1) health history, 2) submitted health data, and 3) recommendation of the applicant’s personal health-care provider. For applicants with a BMI higher than 31.9, a recommendation of “no contraindications for participation” by the applicant’s personal health-care provider does not necessarily guarantee full jamboree participation. The jamboree*

*medical staff will have final determination of full jamboree participation.*

*The jamboree will consider for participation applicants with a BMI of 32.0 to 39.9 and/or one of the following risks:*

- *Hypertension*
- *Diabetes mellitus*
- *Tobacco use*
- *Dyslipidemia*
- *Prior heart attack*
- *Coronary angioplasty/stent*
- *Prior stroke or transient ischemic attack (TIA)*
- *Coronary artery surgery*
- *Family history of premature (before age 55) coronary artery disease*
- *Sleep apnea requiring CPAP or BiPAP*
- *COPD*

*Applicants may be requested to provide further documentation, including cardiac testing, pulmonary testing, or further information from their physician to ensure the applicant’s ability to participate.*

*Jamboree medical services will provide specific instructions to the practitioner to determine eligibility.*

*The BSA cannot accept any applicant with a BMI of 40.0 or higher. Youth applicants with a BMI in excess of 40 will be evaluated on a case-by-case basis.*

In order to plan, prepare for, and support the participants who have these medical conditions, an individual evaluation of each situation by the national medical team is required. There may be instances where proper medical support at the jamboree site is impossible. Under such circumstances, participation may be denied.

## Medications

Leaders need to treat youth medications as they would on any unit campout or when attending summer camp. Medications are to be secured and dispensed by the unit's leaders throughout the jamboree, as well as while traveling to and from the Summit. It is recommended that the unit bring a small lock box to store these medications.

Medications needing refrigeration while at the jamboree can be stored at the medical service location nearest your assigned camping location. While you are traveling to and from the jamboree, you will need to keep these medicines at their required temperatures by using a small cooler, etc., if needed.

## Tobacco Policy

The current *Guide to Safe Scouting* states:

“Adult leaders should support the attitude that they, as well as youths, are better off without tobacco in any form and may not allow the use of tobacco products at any BSA activity involving youth participants. All Scouting functions, meetings, and activities should be conducted on a smoke-free basis, with smoking areas located away from all participants.”

***Accordingly, it is the policy of the 2017 National Scout Jamboree that smoking and the use of smokeless tobacco is prohibited***

***in all jamboree buildings, tents, and vehicles. While in BSA uniform and/or on duty, smoking or the use of smokeless tobacco is not permitted. The use of tobacco by visitors or off-duty, non-uniformed staff or leaders will be restricted to designated areas.***

## Alcohol Policy

The following statement is approved by the National Executive Board of the Boy Scouts of America.

The current *Guide to Safe Scouting* states:

“It is the policy of the Boy Scouts of America that the use of alcoholic beverages and controlled substances is not permitted at encampments or activities on property owned and/or operated by the Boy Scouts of America, or at any activity involving participation of youth members.”

***Accordingly, it is the policy of the 2017 National Scout Jamboree that alcoholic beverages and controlled substances are not permitted.***

## Insurance

Accident and sickness insurance will be provided to all those attending the 2017 Jamboree.

The cost of this insurance is included in the jamboree fee.

Coverage for registered members of the BSA will be effective from the time they leave their homes for direct travel to the jamboree site, during their stay at the jamboree, and from the jamboree site directly back home. Scouts and adult leaders who are registered for official pre- or post-jamboree tourist trips will be covered during that period as well. There is no coverage for any unofficial pre- or post-jamboree tourist trips.

Scouts and adult leaders are also covered under this program during the time of their pre-jamboree training.

Scouts and adult leaders attending the jamboree as representatives of international Scout associations will be covered from their time of arrival in the United States to their arrival at the jamboree site, during their stay at the jamboree, and during the return to the point of departure from the United States. Jamboree staff members are also covered on the same basis. Coverage is not applicable to employees of the BSA (national and local councils) while they are covered by any statutory workers' compensation policy.

## **Religious Observances**

Chaplains representing many faiths will be at the jamboree to conduct services and provide personal counseling. Participants and staff also are encouraged to visit the religious relationships tents in the Summit Center.

Religious observances and chaplain services for Scouts, leaders, and staff of all faiths will be coordinated by a chaplain for each faith. There will be a daily devotional guide available for individual use.

The schedule for religious services will be published as soon as it is available.

## **Visitors**

The jamboree will be open to visitors on certain days. As soon as the schedule and fees are available, they will be published on [www.bsajamboree.org](http://www.bsajamboree.org).

The Summit has a network of tanks, pipes, and filters that serves as our greywater system. As a result of the greywater system and the ambient-temperature showers, the amount of water required per person has been reduced by nearly two-thirds. And by reusing our water, the size of the wastewater system has been reduced by half.

We are so excited that our Scouts and Scouters are finding inexpensive, renewable ways to heat the water for showers. We just ask that you remain respectful of the overall water-consumption goals on-site. If you are considering a solar camp shower, please limit yourself to three gallons or less in size. Your water-resourcefulness will go a long way in making sure the Summit's systems are not overstressed.
