Request a Quote Website

Website will be up and running shortly. For the time being, you can email us to request a quote:
JamboreeBusQuote@tms.com

The website will request your:

Council Name

Number of buses you are requesting

Number of Passengers

Pick up date & time

Drop off date & time

Please note that each bus should only have one troop. In the case that you need to add another troop to your bus, the maximum number of troops is 2. One bus can not have more than two troops.

FAQs

Why do I need to contact TMS?

Due to the extremely large number of charter buses arriving for the jamboree and the limited space at the Summit, troops must apply for a permit for a specific time window to access the grounds. Additionally, you can charter your bus directly through TMS from your departure city to the Summit. With the buses needed for on-site movements during the jamboree, TMS will be able to pass cost savings on to each troop by using your bus during the jamboree.

If I have questions, how do I contact TMS?

A website will be available soon with all the details. Until then, send all questions to 2017jamboree@scouting.org.

Can I book a bus directly with TMS?

Yes, TMS encourages you to do so. With all the buses needed at the Summit for jamboree on-site movements, TMS will be bringing in buses from across the U.S. to participate in jamboree transportation. Some buses may be leaving from your home cities, and with the added days of service for these buses, TMS will be able to pass some cost savings on to you. In addition, you will not need to worry about coordinating driver housing, driver scheduling, meals, etc. TMS will coordinate all logistics involved.

How do I receive a bus quote from TMS?

Please email the information to JamboreeBusQuote@tms.com. You will receive your quote via email within 48 hours if your request is received during normal business hours.

FAQs

Am I required to charter a bus through TMS?

No, but you must register for a permit regardless of who the bus is chartered through. TMS recommends that you provide all company info to TMS when registering for your permit. If you would like TMS to contact your bus company about using your vehicle during the jamboree, please email the information to JamboreeBusQuote@tms.com.

What if I charter my own bus?

You are able to do so, but you must register for a permit online. If you would like TMS to contact your bus company about using your vehicle during the jamboree, please email the information to JamboreeBusQuote@tms.com.

Can TMS use my bus on-site for the jamboree?

If you would like TMS to contact your bus company about using your vehicle during the jamboree, please email the information to JamboreeBusQuote@tms.com. Using the bus on-site will be based on scheduling and availability.

Why do I need to register for a permit?

Due to the extremely large number of charter buses arriving for the jamboree and the limited space at the Summit, troops must apply for a permit for a specific time window to access the grounds. This will ensure buses are processed in a timely fashion and on-site space is available.

What if I do not know what time I will be arriving?

You will need to do your best in estimating your arrival time. These time windows will be first come, first serve. You will be permitted access only during your registered time—no exceptions.

FAQs

Where do I go to check in when I arrive?

You will be assigned a check-in location at a later date. These locations are still being determined. Once the location is determined, you will be sent directions, instructions, and the permit. Once you arrive at the check-in location and go through the registration process, you will be assigned an Order of the Arrow Scout to guide you onto the Summit property.

What if I arrive at a time that differs from my permitted time?

You will not be permitted to access the site or permitted to participate in the registration process until your permitted time. If you are late and miss your registration time, you will be placed in the next available time slot.

Do I need to register for a departure time?

Yes. With the limited space on-site, bus access will be restricted on departure day. These departure windows will be on a first-come, first-serve basis. If your bus is not booked through TMS, please coordinate with your bus company to arrange the time window that works best for your schedule.

Can I change my arrival/departure time?

You will not be permitted to change either your arrival or departure time. If you arrive out of your scheduled time, you will be placed in the next available time slot.

Is there a deadline to contact TMS?

Permits will be distributed on a **first-come, first-serve basis**, and bus charters will be subject to availability. Permit registration must be completed by May 1, 2017. Bus charters will be available up until May 1, 2017, but will be subject to availability. For best pricing, we recommend booking your bus as soon as possible.

Troop Check-In Arrival Time - [REDACTED]

Hide Description

Please choose a check-in time from the available time slots listed below. Each 60 minute arrival window represents your arrival time at a designated off-site check-in location. Upon completion of check-in and medical clearance, your troop will be directed to the Summit Bechtel Reserve. A limited number of troops can check in each hour, and once a time slot reaches its maximum it will no longer be available for new permitting or permitting changes. Please choose your time realistically. Time change requests may be considered on a limited basis only. **Please consider the following information before selecting your check-in times: date of initial departure , number of hours driving , number of hours resting.** We recommend that you confirm your preferred arrival time with your bus operator before booking it below.

(Select from List) ▼

Troop Departure Time - [REDACTED]

Hide Description

Please choose a departure time from the available time slots listed below. Each 60 minute departure window represents your departure time from your troop's designated campsite at the Summit Bechtel Reserve. A limited number of troops can depart each hour, and once a time slot reaches its maximum it will no longer be available for new permitting or permitting changes. Please choose your time realistically. Time change requests may be considered on a limited basis only. **We recommend that you confirm your preferred departure time with your bus operator before selecting it below. Buses will need to pre-stage at an off-site location to be announced at a later date. During departures, all bus operators will work under the management of TMS due to limited space and access points.**
