# 2022 PROGRAM SUPPLEMENT

# WELCOME TO THE JAMES C. JUSTICE NATIONAL SCOUT CAMP

Thank you for selecting The Summit Bechtel Family National Scout Reserve's James C. Justice National Scout Camp as your summer destination! We are excited to host you this upcoming summer and hope you are excited to experience the adventure that The Summit has to offer.

**The Summit encourages participants to grow by providing experiences that require participants to move out of their comfort zones and “stretch” themselves. Our camp experience is designed to be an extension of the program that you provide to your unit year-round with the added value of the staff and facilities only available at the Summit Bechtel Reserve.**

This guide is designed to help council and chartered unit contingents plan a successful trip to The Summit. It is important that the adults attending with your unit become familiar with every aspect of the trip and to share this information with participants and their parents.

**THIS GUIDE IS THE SECOND PORTION OF THE INFORMATION YOU NEED AND IS INTENDED TO BE SHARED WITH ALL SCOUTS, VENTURERS, LEADERS AND PARENTS. BE SURE TO REVIEW THE PROGRAM PLANNING GUIDE ALONG WITH THE APPENDICES AND DOCUMENTS.**

Please read this guide carefully as you will find many answers to your questions. If you have further questions that you don't see the answers to, please e-mail us at: [summit.program@Scouting.org](mailto:summit.program@Scouting.org). We cannot wait to serve your unit this summer at The Summit's James C. Justice National Scout Camp!

Looking forward to another awesome season to see you and your Scouts!

Yours in Scouting,

# JAMES C. JUSTICE NATIONAL SCOUT CAMP AT A GLANCE

## PROGRAM DESCRIPTION

The James C. Justice National Scout Camp is one of four “camps” at the Summit Bechtel Reserve (the other three being the Paul R. Christen National High Adventure Base, the John D. Tickle National Training and Leadership Center and BSA Family Adventure Camp). Our Scout Camp’s focus is on advancement, Scouting traditions, and the exploration of different activities/interests through merit badges, awards, and open program. This all takes place in the Scott Summit Center, the roughly 100 acres of program venues in the central part of the Summit Bechtel Reserve.

## JUSTICE SCOUT RESIDENT CAMP

**\$485.00 per person (includes the \$50 Covid-Surcharge)**

The Justice Scout Camp is the flagship week-long resident camp targeting Scouts, BSA and Venturers who are looking for advancement opportunities, activity exploration, and Scouting traditions within the setting of the Summit Bechtel Reserve. This experience includes merit badges, trainings, and camp-wide events. We also offer a program for Scouts who have not yet attained 1st Class Rank called Brown Sea Island (First Year Camper Program). We offer a wide variety of activities to allow our participants to pick and choose how they want their fun to look like and have the flexibility for free time to enjoy their stay. It is impossible to participate in all our activities in one week. We look forward to your return for more adventures!

## SAMPLE SCHEDULE

This sample schedule includes merit badges, other classes, and activities. Many of these will be scheduled through the merit badge registration system, others you can sign up for at camp or just walk-in. The purpose of this is to provide you with what a week of camp may look like.

# SCOUT CAMP PROGRAM AREAS

## AQUATICS

### GOODRICH LAKE

Goodrich Lake is the home to the Justice Scout Camp's aquatics activities: paddleboarding, kayaking, and swimming. Goodrich Lake is a manmade lake separated into two sections by a dam: Goodrich Lake East and Goodrich Lake West. You will find that most aquatics activities take place on Goodrich Lake West, while the fishing programs take place on Goodrich Lake East.

**NOTE** that all participants must have passed a BSA Swimmers test to participate in any swimming or paddling activity. Properly fitting PFDs must always be worn at Goodrich Lake.

## COPE AND CLIMBING

### BOULDER COVE

Boulder Cove is the National Scout Camp's climbing, rappelling, and bouldering venue. This artificial climbing area sports 24 climbing stations, multiple rappelling stations, and three giant boulders with routes ranging in difficulty from 5.4 to 5.11. Be sure to keep posted for various competitions that will occur during open program in the evening! All participants and observers must wear a climbing helmet when within the fall zone of the climbing/rappelling wall. This venue will operate in the rain, but safety protocols require it to close during high winds and lightning. Participants must weigh between 50 and 250 pounds.

### HIGH C.O.P.E

The high C.O.P.E. course (sometimes referred to as the challenge course) is located in Action Point. This high course is a selection of obstacles to navigate while tethered from a cable high above the ground. Each element presents a unique challenge that requires problem-solving, dexterity and determination. These physical challenges combined with the added element of height develop self-confidence and accomplishment.

## ECOLOGY AND CONSERVATION

### ECOLOGY PAVILION (DELTA PAVILION)

Meet here for Ecology, Conservation, Sustainability and Environmental Science based badges/electives. Participants will begin their Merit Badges and Programs here then continue the rest of their lessons on the trail utilizing experiential learning.

### SUSTAINABILITY TREEHOUSE

The Sustainability Treehouse is the showpiece of the Boy Scouts of America's commitment to sustainable policies. This award-winning building is not only an exhibit, but a living, interactive classroom where Scouts can learn everything from recycling practices, urban gardening, to photosynthesis and adaptation. Our Sustainability staff will be available to assist with demonstrations and experiments to engage youth and help them evaluate their impact on our planet. Sustainability is not just about the environment though. Scouts who visit the treehouse will learn about the importance of balancing a dedication to our environment via both social interaction and through bettering their understanding of Leave No Trace Principles.

### STEM (SCIENCE, TECHNOLOGY, ENGINEERING, & MATHEMATICS)

Located at the Tillerson Leadership Complex, Scouts will have the opportunity to dive deep into the fields of science, technology, engineering, and mathematics with Merit Badges such as Space Exploration and Oceanography.

### CUSHMAN FISH CAMP

The Cushman Family Fish Camp, located on Goodrich Lake East is the home to spin fishing, bait cast fishing, fly-fishing, and wildlife conservation programs. Stop in here for instruction or to check out a fishing rod to test out your luck angling on the Summit's lakes during open fishing. Goodrich Lake East has been stocked with catfish, bluegill, largemouth bass, striped bass, perch, grass carp, and crappie. No fishing license needed on Summit property.

## ARTS & MEDIA

The Arts and Media program area is located at and around Pigott HQ. Scouts with interest in anything from Game Design to Movie Making should definitely take a look at the offerings of this program!

## OUTDOOR SKILLS

### BROWN SEA ISLAND (FIRST YEAR CAMPER PROGRAM)

Brown Sea Island (BSI) sits in the center of Goodrich Lake East. It is named after the island in England where Baden Powell first experimented with the concept of Scouting in 1907. For this reason, it should seem fitting that this is the location for our Brown Sea Island First Year Camper Program. Here Scouts will work on rank advancement up to first class and visit many of the exciting program areas, while still having opportunities to work on some merit badges. The focus of this program is for first year Scouts to have fun while being introduced to Scout skills, camping, and advancement so they are excited about returning to camp and staying involved in their unit.

**NOTE** that the BSI program is a full weeklong program. Scouts who have already achieved the Scout through First Class rank requirements with their unit are encouraged to enroll in merit badges and other activities. BSI Scouts will work towards their First Class.

### OUTDOOR SKILLS & SURVIVAL SCHOOL (CHARLIE 2)

Home to Outdoor Skills, the C-2 Annex is the go-to place for all things Scoutcraft and Survival related. Leatherworking, advanced pioneering projects, learning new navigation skills, or the desire to get more information on the outdoors this is the place for you. Whether you are new to outdoor skills or an old pro we have something here for you. With programmatic offerings ranging from Search and Rescue to Advanced Outdoors Survival, this area has it all.

## SHOOTING SPORTS

### ARCHERY

Our Archery Range covers a wide array of shooting activities and is located at the corner of Foxtrot Road and Echo Pass. Some activities include static archery, LaPorte (or sporting arrows), and tomahawks.

### RIFLE SHOOTING

At our rifle range, which is just up the road from our archery range, we shoot .22 rifles on both paper and steel targets at a variety of distances. All programs are run under guidance of our highly trained NRA shooting instructors. Note most sessions at the rifle range are specifically for merit badge participants. Check the program schedule for any open shooting competitions.

## WHEELED SPORTS/HARKEY X-ZONE

### BMX BIKES

Action Point is the home of four BMX tracks. BMX is an abbreviation of bicycle motocross and evolved from a bicycle alternative for motorcycle dirt track racing. Each track varies in size. During open program time, any participant is welcome to try their hand at BMX under the supervision of our qualified instructors. Instruction begins on a flat ground course and through learning the basics of cornering, pumping, and balance on the beginner course. Depending on participant ability and interest they may move to either the larger BMX racetrack or the dirt jump course, where they can get significant air!

### SKATEBOARDS

The Action Point Skate Park is a great facility to hone skateboarding skills or to even start from scratch. The park includes transitions, ramps, quarter pipes, stair sets, boxes, rails, and a mini-ramp. The staff at Action Point have taken many first-time skaters and developed them into safe and confident shredders. Proper footwear, awareness of ability, and focus are essential to success in this program.

### **HARVEY FAMILY MOUNTAIN BIKE SHOP & JARED HARVEY MOUNTAIN TRAILS**

Weaving in and out of the woods surrounding Action Point is the Jared Harvey Mountain Bike Trail system. These trails offer a variety of difficulty ratings including Green Circle (Easy), Blue Square (More Difficult) and Black Diamond (Very Difficult). Qualified staff will work with riders of all abilities to improve their riding skills and help roll through any requirements.

## **SUMMIT CENTER ZIP LINES**

### **GATEWAY AND LEGACY ZIP**

The Scott Summit Center has two sets of zip lines that depart from a shared platform above the AT&T Summit Stadium – The Gateway Zip and The Legacy Zip. Participants can follow signage and trails to the launch platform during evening program for gear up and orientation. After their thrilling 1100-1300' zip they can leave their gear at the landing and go back up for another ride or move on to the next exciting activity.
