Leadership Challenge at the Summit

Adults learn to internalize and practice their leadership skills in this action-packed Summit conference.

The conference hones the skills taught in Wood Badge in an outdoor experiential learning environment. Leadership Challenge underscores the values of Scouting and teamwork and promotes the concepts of servant leadership.

National Advanced Youth Leadership Experience

Young men and women enhance leadership skills through team building, ethical decision making, problem solving, and service to others. They will enhance skill, ability, and motivation to be more effective leaders.

NAYLE concludes with a closing challenge for each Scout to use what they've learned in service to others.
